TO: All Interested Parties

**TOPIC: PUBLIC WORKSHOP TO DISCUSS ENHANCED VAPOR RECOVERY
FOR ABOVEGROUND GASOLINE STORAGE TANKS**

Dear Sir or Madam:

Enhanced Vapor Recovery (EVR) regulations for gasoline dispensing facilities with aboveground storage tanks (AST) are scheduled to be presented to the Air Resources Board for consideration at the February 2004 Hearing, as part of the State Implementation Plan. The purpose of EVR is to seek additional emission reductions in order to improve the air quality for the citizens and visitors of the State of California without creating economic hardship to the state. You are invited to participate in the AST EVR workshop.

Workshop logistics are as follows:

DATE: Friday, November 14, 2003

TIME: 9:00 a.m. to 12:00 p.m.

LOCATION: California Air Resources Board
Monitoring and Laboratory Division
1927 13th Street, 1st Floor Conference Room
Sacramento, CA 95814

Arrangements will be made to provide teleconferencing at this workshop. The teleconferencing information will be provided on the workshop agenda, which will be posted approximately one week prior to the workshop on our vapor recovery web page at www.arb.ca.gov/vapor/vapor.htm. Information related to prior workshops held pertaining to this rulemaking item is located at www.arb.ca.gov/vapor/ast/archive.htm.

This meeting location is accessible to persons with disabilities. If you have special accommodation or language needs, please contact Elizabeth Mongar at (916) 327-0900 as soon as possible. TTY/TDD/Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our Website: <http://www.arb.ca.gov>.
